

## ***Sarah Valentini***

Sarah is the director of The Family Apothecary Clinic in Melbourne and has co-founded Homeopathy Hive in the USA - a clinic that focuses solely on working with complex neurodevelopmental children's issues. Sarah is also a teacher and board member of the School of Intuitive Homeopathy (also in the USA). She has supported many families in managing their child's health in an integrated model and has a great interest in developmental and behavioural disorders such as ASD, PANDAS, PANS, ADHD, sensory processing, tantrums, emotional dysregulation and rage.
